WC:7th March 2016

Repton Manor
Dear Parents/Carers,

LEARNING AND DEVELOPMENT

We have been making bug hotels and creating an Ant hotel, we look to capture our own little friends from the garden and learn about how they move and what they eat. The children are also loving lots of science experiments, testing their ideas and watching how processes happen, They have tried a volcano, bouncing egg, making bread and soon a colour experiment. Remember to look at what individual groups are doing, as they are always learning so much more!

COLOUR TREASURE TRAIL Thursday 10th March 2pm

Every parent should have the colour treasure trail information. This is a sponsorship event we run, to encourage a parent and child collection outside of the nursery. This years challenge is colour finding, you can find any items to collect preferably ones that may stay stuck to a large piece of paper. Your challenge is to get an item in every colour on the list provided.

Please come along to the event and bring all you items you have found to stick, also your sponsorship form and the money with you. Any monies raised will go towards the nursery sensory garden development.

SPORT RELIEF CHALLENGE - Friday 18th March

We also like to fundraise for other charities, and enjoy talking to the children about where the money raised is used, for other children who may not be as fortunate as themselves. This year we are supporting Sport Relief, on **Friday 18th March children can dress up in a tracksuit or sport clothes** as we will be running physical activities all through the day. Please donate £1 in the pot to take part in this. This is only for children in on the Friday, but if your child really wants to do it feel free to let them dress up throughout the week.
