Repton Manor Nursery

Dear Parents/Carers,

LEARNING AND DEVELOPMENT

The children are really loving spending time in the garden, so we are planning most of the activities for outside! They enjoy having their snack time as a picnic. The long term art projects will be Talking and Thinking floor books which encourage the children to discuss what they know about topics and help us provide more activities they will love. We will also be creating some hanging art with natural materials.

PARENT DROP IN

From the 9th-13th May, your child's key person will be ready to discuss their progress report with you. You will be able to see how your child is developing and what ways they like to learn. Please pop in 3.15-3.30pm. Any Day.

MY UNIQUE STORY

Your child key person will be giving out another my unique story, This document is key to finding out what your child can do at home and in the community and your opportunity to ask any questions and share information. We recognise as parents you know your child best, and need support in working in partnership to support your child's learning. **Please fill out all the sections in RED** and use the development sheet to support completing the Learning and Development section. This will be due back by **Friday 20th May**. Thank you

CONGRATULATIONS

We would like to say a big congratulations to the newly married Mrs Leech.
