

Starting School at Repton Manor Primary School

**Starting
school in
September
2023**

Welcome to Repton Manor Primary School

Dear children and families,

We are very excited that you are joining our Repton Manor Family. We cannot wait to meet you and to get to know what you enjoy and what you love learning about. We have lots of lovely teachers here who love playing and learning and they are busy preparing for when you start our school.

Our older children love meeting our new Reception children too. They will help your teachers to look after you and help you to settle into your new school.

Your grown up's at home can learn all about our school on our website (<https://www.reptonmanorprimary.co.uk/>) and they may show you some of the photos in our Repton Manor Photo Album (<https://www.reptonmanorprimary.co.uk/our-school/school-events-photo-page/>). We hope that they will keep an eye on our new 'Joining our Repton Family' page for new updates which may help you when you are getting ready to start school with us (<https://www.reptonmanorprimary.co.uk/our-children/joining-our-repton-family/>)

We are sure that you are very excited (and maybe a little nervous too) about starting school but we will help you along every step of the way.

Please see our photos below and a little bit about us.

Mr Rawling, Mrs Chambers and Mr Page

Mr Rawling
(Executive Headteacher)

I work at both Repton Manor and Greatstone Primary School. I love to play my guitar and sing. I am a great builder – I even built my own house!

Mrs Chambers
(Head of School)

I love chocolate and I have a dog called Max. I have two little girls and we love playing in the garden. I can't wait to share your excellent learning with you.

Mr Page
(Deputy Headteacher)

I enjoy visiting new places and exploring new countries. I love listening to audio books and I enjoy a good story. I love learning about historical events.

Welcome to Early Years

Dear Parent/Carer,

My name is Jess Iles and I am the Early Years Foundation Stage Leader at Repton Manor Primary School. Firstly, I would like to welcome you and your child to our school and our Repton Manor Family. I look forward to supporting your child on the first step of their journey through our school.

We know what a big and exciting milestone starting school is for our families and children, the Early Years Team and I feel extremely fortunate to be able to share this experience with you. It is important to us that starting school is a positive and enjoyable experience and your child arrives each day happy, relaxed and ready to explore!

Learning in the Early Years is active, creative and full of wonderful WOW moments that will nurture a lifelong love of learning for your child. We are excited to learn all about your child as an individual and nurture their curiosity through carefully planned interactions and learning opportunities.

We will do our very best to address any questions, worries or concerns that you may have before September and make this as positive an experience as possible. Please do not hesitate to contact me using the following email address either before or after September.

jessica.iles@reptonmanor.kent.sch.uk

Myself and the rest of the Early Years Team look forward to getting to know you and your child over the coming weeks and months.

Jess Iles
(Early Years Leader)

Key Transition dates June – August 2023

Monday 15th May

Open Evening at 4-5.30pm

Parents and children are invited to come into school where they will learn more about the school ethos, are able to visit the Reception classrooms and try some of the delicious school meals. During this evening we would encourage you to look at school uniform and make an order to ensure it will arrive before September. We will have staff available to photocopy your starting school documents, so please do bring with you 2 proof of current address documents (e.g. bills, bank statement, letter from the doctor, etc) and either your child's passport or birth certificate.

3rd July – 7th July

Nursery Visit

Your child will have a visit from a member of the Early Years team to their nursery/ pre-school setting.

3rd July – 12th July

Home visits

Two school adults will visit your family home/garden. This will enable them to speak to you about your child as an individual and answer any questions you may have. This is also an opportunity for your child to begin to make a relationship with this adult in preparation for starting school.

27th or 28th June and 11th or 12th July 1.30pm – 2.30pm

Stay and Play sessions

You and your child will be invited to come into school for a one-hour slot. This will enable your child to start to explore the environment and make relationships with children and adults within school. Your child will be allocated a place in one of two groups which will be communicated via a letter closer to the date.

You will need to stay on site during these sessions and will have an opportunity to meet other parents.

Week Commencing 17th July

Transition Picnic

You will find out your child's class teacher and teaching assistant on this date and you are invited to a picnic after school on 17th July at 4 -5pm with the current Reception children. Please bring a picnic and blanket. Siblings of all ages are welcome.

Saturday 2nd September

'Meet your teacher fun morning'

An informal opportunity to meet your teachers and the other families who are also starting at Repton Manor Primary School. This will take place on the school site and will run from 10 – 11am.

Who will be teaching and caring for my child in Year R?

Our dedicated team for the Early Years Foundation Stage **currently** consists of:

Reception Class Teachers

Miss Jess Iles

Miss Melody Boatfield

How will my child get to know these key adults before they start school?

We will be inviting children to a 'Stay and Play' session in July where they will have an opportunity to play alongside their key adults and start to feel comfortable being away from their parents for a short period of time.

Please also share our transition booklet with your child, this document will be sent to in July. This includes pictures of the adults that your child will be working closely with in September, along with some information about who we are and our interests.

We will also be having a 'meet your teachers' morning on Saturday 2nd September which will begin at 10 am on the school playground.

What class will my child be in?

We will allocate your child's class prior to starting at Repton Manor. We take into consideration a balance of boys/girls and individual needs. However, in Year R all children work with all the adults in the setting. Their class teacher is predominantly for registration and some class activities. You will be made aware of your child's class, and their class teacher and teaching assistant, during the week beginning 17th July. At the end of your child's year in Reception, the classes may be mixed. If classes are mixed this will be based on the range of needs of the children and class placement will not be at the request of parents.

Key Dates for September 2023

WEEK 1 Monday 4th – 8th September

Half days in school

In order to give the children time to explore the classrooms, meet their teachers and make new friends, your child will be allocated a place in one of two groups. These smaller groups will enable children to feel a greater level of ease coming into a new environment. Please note that your child won't have lunch in school on these days, however they will be offered a healthy snack. They should wear their full school uniform on these days and bring a labelled water bottle into school with them.

The morning group will attend 8.50 am – 11.30 am.

The afternoon group will attend 12.30 pm - 3.00 pm.

You will be provided with the details of your child's group in the week beginning Monday 17th July.

WEEK 2 Monday 11th, Tuesday 12th and Wednesday 13th September

All children will attend school 8.50 am – 1.00 pm on these days. Your child will have lunch in school on these days. This can be a healthy packed lunch from home, or a school dinner. All children in Year R are currently entitled to a free school meal each day.

Thursday 14th September onwards

From Thursday 14th September onwards, all children will attend school full time.

Please note, due to Government requirements, we are currently consulting on the length of our school day, which is due to be extended. We will notify you of the school times for September as soon as we can.

If your child needs additional support to help them settle, this will be planned for and agreed in discussion with you, to meet your child's needs.

What are home visits?

To support our children's transitions, we visit families and children at their own home. The purpose of the visit is for staff to introduce themselves to you and your child. This is an informal opportunity to ask questions and talk about your child. We will also be asking a number of questions to help us build a picture of your child's interests and needs. We will use the opportunity to play with child and to get to know them. You will be contacted to make an appointment prior to this.

How important is my child's attendance?

Very important! We encourage a high level of attendance and punctuality at Repton Manor. Children must attend school every day unless they are ill. Children who attend every day and arrive on time do better than those who have low attendance and poor punctuality.

If your child is absent for reasons of sickness, please let the school office know by 10am by telephone each day they are off sick. We are required to keep records of all absences. We also need to know if they are off due to medical or dental appointments.

Please ensure all contact numbers we hold for you are always up to date.

Where do I take my child on their first day?

As your child's first day will be their **stay and play session**, you and your child will need to arrive at the school office at your allocated time.

On your child's **half day session**, if you have a morning slot, you will need to take your child straight to their classroom which is located at the back of the school, next to our school field. If your child has an afternoon slot, then you will need to arrive at the school office.

When your child is **attending school full time** (Thursday 14th September), please take your child to their classroom.

What is the school uniform?

We aim to foster a feeling of community at Repton Manor. We believe that both staff and pupils should dress appropriately for the activities they are undertaking. We believe that uniform gives the school an identity and it gives our children a sense of belonging.

Our school uniform is as follows:

- White polo top.
- Grey or black trousers.
- Grey or black skirts and pinafore dresses.
- Red and white check summer dresses.
- Red jumpers/sweatshirts/cardigans - sweatshirts/cardigans with the school logo on are available from the school office.
- Black shoes that your child can manage for themselves.
- Your child will also need a pair of named wellington boots in school.
- PE kit (not needed until January): dark trousers and / or shorts, a house coloured t-shirt (we will let you know your child's house before December), plimsolls or trainers.

We have a 'One Stop Shop' in our school entrance which is full of donated second hand uniform. Please do visit, take what you need and pop a donation for anything that you take in the donations box if you can.

For more information about our school uniform requirements, please visit:

<https://www.reptonmanorprimary.co.uk/our-parents/school-uniform/>

We ask parents to name all items of clothing so that we can return lost property easily. Please ensure that coats are labelled clearly and in a sensible place, we suggest the washing instructions label inside the pocket.

Dress Code

We ask parents not to send their children to school wearing:

- Unsuitable shoes
- Clothes with slogans or pictures of pop stars etc, printed on them
- Sportswear e.g. football or cycle shorts, shell suits or track suits
- Make-up, nail varnish, or excessive amounts of hair gel
- Trainers

Active Learning

Please be aware that in Year R we offer a practical, play based, approach to learning; so there are times that we do get messy! We understand that the proof of our messy play may be reflected in their clothing – please do not worry about this. Your child's clothing needs to fit and be easy for them to remove and put back on by themselves. We have a space for children to bring in their own wellies for outdoor play.

Please send a spare set of named clothing, including pants and socks, so that your child has spare items should they need them, this does not need to be school uniform. Please put these on their peg.

Dressing for PE

Children need a named house coloured T-shirt, a pair of dark shorts and plimsolls or trainers. This all needs to be left in school in a drawstring bag. We send it home each half term. In the winter months please send in dark coloured jogging bottoms and a jumper. PE kit does not need to be brought into school until after Christmas.

We ask parents to clearly name all items of PE clothing so that we can return lost property easily.

Jewellery

We do not believe that jewellery is suitable for the school day. Children wearing jewellery will be asked to remove it. If your child has pierced ears, they may wear plain studs, but not sleepers or pendant earrings. The safety of our children is our first priority.

If your child wears jewellery for religious reasons, please let the Head of School know in writing. School staff cannot accept responsibility for the safe keeping of jewellery.

What will happen at lunchtimes?

Children will be able to stay for a school meal or bring a packed lunch once they are full time. In Year R, the Government fund free school meals for your children. If you believe your child is entitled to additional funding due to household benefits please apply for free school meals using the following weblink - <https://www.kent.gov.uk/education-and-children/schools/free-school-meals#tab-2>. The additional funding is used to support your child's academic and social development and can fund additional resources where necessary.

Cooked school meals

We have an on-site kitchen and mid-day meals of excellent quality. They are prepared by our school cook and her team.

Children are offered a choice of 2 homemade main courses (one of which is vegetarian), jacket potato or pasta. Each day we have a salad bar and there is a choice of desserts. The emphasis is on healthy eating.

Please feel free to have a look at our menus online:

<https://www.reptonmanorprimary.co.uk/our-parents/catering/>

Packed lunches

Children having a packed lunch are encouraged to bring a healthy lunch box. Please do not include sweets and chocolate. The amount you put in your child's lunch box should be what they would usually eat for a sandwich type lunch. Please name your child's box!

How are lunchtimes organised?

From 11.30 -12 the children have their lunch in the school hall. From 12.00-12.30 they have the opportunity to play and socialise with the other children in the school on the main playground.

Do children have snack time?

Your child will be provided with a piece of fruit and milk each day.

Once they are in Year R, does everything change?

Do they start formal learning now?

We need to remember that your child's learning journey began even before they were born. Your child is already a learner....a storyteller, a writer, an artist, a mathematician, a scientist.... and so much more!

It is our role to continue to guide their footsteps on the learning journey, and to do that appropriately, to suit their needs and developmental stages. In Year R, we continue to use the Early Years Foundation Stage guidance materials to support our teaching (as in pre-school/ nursery settings). We build on what has gone before, based on our knowledge of each child. We also use our professional understanding of what young children need to learn and develop.

Parents often worry that going to school means there will be a massive change in the way their child is taught and how they will learn. Don't worry! There won't be any huge changes for children as they start in Year R, the environment and structure of the day is not dissimilar to nursery. There is still a lot of play! However, this doesn't mean that they aren't learning, their interests will be nurtured by experienced adults who know how to move children's learning on in this way!

Children have planned daily, adult led, learning opportunities as well as their own child-initiated learning times. The routine develops over the year and changes to meet the children's needs as they grow and learn.

****A brief outline of the Early Years Foundation Stage can be found at the back of this booklet.**

For more information about Early Years at Repton, please visit:

<https://www.reptonmanorprimary.co.uk/our-children/year-group-pages/key-stage-1/early-years-foundation-stage/>

How can I find out what my child is learning during their school day?

Children's learning is recorded in a digital learning journey; Repton Manor uses Tapestry. Members of the Early Years team add photos, videos and pieces of learning your child has completed. You may be familiar with this from your child's Nursery setting. We will ask you to sign up to this so you can be an active partner in your child's learning. You will also be able to upload any new and exciting learning or experiences your child has had outside of school.

What can I do to help my child with their learning? Do they get any home learning?

We believe that successful learning comes from the school and families working together. Please continue to do things like.... talk with your child, read stories to them, get out and about and be active, encourage independence....all the things you already do.

We will keep you fully informed about what your child is doing and what we need you to do at home.

Topic: Each term, six times a year, your child will receive a project-based home learning task. These are creative open-ended tasks that are normally completed with the support of parents.

Reading: In Year R, we will start sending home reading books once the children are settled. When reading books come home, we ask that you read with your child every day. This really supports progress in school. Your child's book will be changed once a week and it is great practise for them to re-read the book several times. Children's book bags must be in school every day. They are essential so that we can ensure they have a reading book, reading record and key words.

Phonics (letter sounds): Once the children are full time we will teach your child 4 letter sounds a week. They learn through a programme called Read Write Inc.

Please see here:

<https://www.reptonmanorprimary.co.uk/our-children/subjects/reading/>

Children's progress: You will have regular opportunities to discuss your child's progress. We continue to make observations, collect photos, pictures etc to help us make assessments on children's learning. Each term we update children's progress on the EYFS Profile and talk to you about how they are doing. We will encourage your input. We hope you will share information with us about how you feel your child is doing.

The **Seven Areas of Learning and Development** for The Early Years Foundation Stage (EYFS)

THE THREE PRIME AREAS OF LEARNING & DEVELOPMENT

Personal, Social and Emotional Development (PSED) – Building Relationships– playing and interacting with others in an appropriate way. **Managing Self**– becoming confident in themselves and their abilities, understanding simple ideas about being healthy and managing basic hygiene. **Self-Regulation** – expressing and exploring feelings and developing ideas about simple rules and boundaries

Communication and Language (CL) – Listening, Attention and Understanding – developing listening skills and the ability to listen to others; understanding words, phrases and ideas and following simple instructions. **Speaking** - Express their ideas and feelings about their experiences making use of recently introduced vocabulary from stories, non-fiction, rhymes and poems.

Physical Development (PD) – Gross Motor Skills - developing physical skills to run, jump, climb, balance etc. and developing skills involving the use of large equipment. **Fine Motor Skills** – developing use of a pencil effectively in preparation for fluent writing and beginning to use a range of small tools, including scissors, paint brushes and cutlery.

THE FOUR SPECIFIC AREAS OF LEARNING & DEVELOPMENT

Literacy (L) – Comprehension - understanding of what has been read to them by retelling stories and anticipate what happens next. **Word Reading** - read words consistent with their phonic knowledge by sound-blending. **Writing** - developing early skills of mark making that lead into writing.

Mathematics (M) – Number - has a deep understanding of numbers to 10. **Numerical Patterns** - verbally counts beyond 20, recognises number patterns and knows what is more and less than a given number.

Understanding of the World (UW) – Past and Present - talks about their own lives and people close to them, their role in society and how the past is different from the present day. **People, Culture and Communities** - knows some similarities and differences between different religious and cultural communities'. **The Natural World** - explores the natural world around them, making observations and drawing pictures of animals and plants and understanding natural processes such as the changes in seasons.

Expressive Arts and Design (EAD) – Creating with Materials - expressing and exploring ideas through creative activities like role play, music, movement/dance, paint, drawing, dough/clay, collage and building. **Being Imaginative and Expressive** – learning nursery rhymes, taking part in role play and performing stories and moving to music.

All areas are important and interconnected so we consider all these areas when we plan the environment, resources and activities, to ensure we are offering a broad and balanced provision for children's learning and development

The seven areas are linked to our understanding that -

A Unique Child

Every child is a unique child who is constantly learning and can be resilient, capable, confident and self-assured.

Positive Relationships

Children learn to be strong and independent through positive relationships.

Enabling Environments

Children learn and develop well in enabling environments, in which their experiences respond to their individual needs and there is a strong partnership between practitioners and parents and carers.

Learning and Development

All children develop and learn in different ways. Practitioners teach children by ensuring challenging, playful opportunities across the prime and specific areas of learning and development.

Practitioners foster the characteristics of effective learning:

- Playing and exploring
- Active learning
- Creating and thinking critically

Please see:

<https://www.reptonmanorprimary.co.uk/our-children/our-curriculum-2022-2023/our-eyfs-curriculum/>
