Brogdale CIC

The Brogdale CIC Group is three companies working together to create opportunities for young people and adults with disabilities to thrive. They work with the community for the community. They are a Community Interest Company that specialises in providing exciting, fun, educational activities and work experience for disadvantaged and disabled young people.

Brogdale Community Interest Company (BCIC) was established in March 2010 to develop leisure and employment opportunities for disabled children and young people within a mainstream community environment at Brogdale Farm, Faversham. This has since grown with six different sites across Ashford & Swale. Core to the development of BCIC is the intention that it will be the children, young people and their families who will identify and prioritise the activities to be undertaken so that it fits within the local community's needs. As a result of parent and young people feedback they have now expanded their activities across all of Swale, Ashford, Canterbury and Dover and surrounding areas. The vision of Brogdale CIC is to enable disabled and disadvantaged young people and adults to take part in a range of leisure and work opportunities

Activities in Ashford: Stourside Farm Club, Cook Up Ideas and Lego Club. Explore their website for more information-

Programme
Kent

Helping families to flourish

What is the Holiday Activities and Food (HAF) Programme?

The HAF Programme offers families of children aged 4 to 16, who are eligible for benefits related free school meals (FSM), opportunities to access a range of free activities in the Easter, summer, and Christmas holidays. If you are not sure if you are eligible, please use the eligibility checker:

<https://www.cloudforedu.org.uk/ofsm/kent/>

When is the Programme Available?

The programme runs for one week at Easter, four weeks over the summer and one week at Christmas.

What Can I Expect When I Go?

Each programme will provide a range of exciting activities, games and new experiences for children, along with a healthy main meal. Children will have the chance to try new sporty or creative activities and to make new friends. There will also be the opportunities for families to share ideas about how to source high quality, healthy food cheaply, creative ways to encourage a healthy diet and fun ways to cook as a family.

How Are Children with Additional Needs Included?

All the programme partners are committed to making their programme accessible for a wide range of children. Providing the programme with good information about your child and their needs will enable them to ensure that your child is fully included and can enjoy the opportunities that are offered.
